DIGITAL FORENSICS INCIDENT RESPONSE LAB

Document Name: DFIRLAB WORKSHEETS COMPLETION (BFOR303)	Document Type: **INSTRUCTIONS**

Overall Requirement

All worksheets must be completed in detail.
All relevant fields must be completed.
No relevant empty fields are allowed.

DFIRLAB-01 EXAMINER NOTES WORKSHEET

Purpose: Used for detailed technical documentation of all tasks and actions taken, as well as information that is observed by the student during case management, incident response, scene assessment, evidence handling, examination, and data analysis. This worksheet should be the first document to be completed and its content is used to compose other documentation.

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Page – of --	Lists page number versus total pages (ie. Page 1 of 2, 2 of 2, etc.)
Student's Full Name	First Name, Middle, Last Name
Detailed Technical Notes	Describe in detail – Where? When? What? Who? How? Technically accurate and detailed notes that would facilitate another individual with similar knowledge and skills to repeat, duplicate or replicate the tasks and actions taken by student.
eSignature	Worksheet must be eSigned & Locked/Read-Only with Adobe trusted Digital ID

DFIRLAB-02 INCIDENT SCENE WORKSHEET

Purpose: Used for documenting and assessing an incident scene. Describes the location of the scene, type of incident, timeline of incident and response, and completed tasks or actions taken at the scene, and by whom. Usually evidence examination details are NOT included in this document (evidence items, forensic processes, or exam results).

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Page – of --	Lists page number versus total pages (ie. Page 1 of 2, 2 of 2, etc.)
Student's Full Name	First Name, Middle, Last Name
Scene Location	Specific location of the scene (physical address, floor, room, etc.)
Scene Description	Summary of the overall, midrange and close up scenes captured in the required photographs.
Point of Contact	Contact information of the individual who has authority to the incident scene.
Legal Authority	How was assessment or investigation of the incident scene legally authorized?
Incident Timeline	When incident was discovered? When was incident reported? When did student respond to scene?
Type of Incident	If available, select all relevant information about the reported incident being responded to.
Type of Loss/Injury	Identify financial loss caused by the incident or associated costs for mitigating incident
Affected Equipment	Identify all equipment that may have been affected, or is associated with the incident
Network Information	Identify all network related information that may assist or facilitate the assessment or investigation
Scene Documentation	Identify all related documentation completed during the physical/virtual scene assessment.
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

UNIVERSITY AT ALBANY
State University of New York

DFIRLAB-03 CHAIN OF CUSTODY WORKSHEET

Purpose: Used for the documentation and tracking of evidence that is handled by student. Includes information and timeline involving items of evidence, or a container holding items of evidence, transferred to a person, place or thing.

EVIDENCE INFORMATION	
Field Name	**Field Description**
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Student Full Name	First Name, Middle, Last Name
Item Number	Letter &/or Number that identifies the specific evidence item
Item Description	Accurate description of the evidence items (make, model, ser#, color, size, file name, etc.)
TRACKING INFORMATION	
Date	Date evidence item(s) that were transferred to/from another person, place or thing
Time	Time evidence item(s) were transferred to/from a person, place or thing
Item Number	Detailed description of evidence item(s) that were transferred to/from a person, place or thing
Received From	Person, Place or Thing that evidence item(s) came from
Released To	Person, Place or Thing that received evidence item(s)
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

DFIRLAB-04 EXAMINATION REPORT

Purpose: Provides a summary of information about a scene and the evidence that was handled, processed, or examined, and findings, opinions or conclusions made by the student. This report should not contain technical jargon since the reader usually has no technical skills, knowledge or training, but may be entrusted with decision-making or legal authority responsibilities.

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Student's Full Name	First Name, Middle, Last Name
Evidence Information	Description of the evidence items handled/examined by the student, when and where exam occurred;
Evidence Processing	Description of tasks or actions taken to process, examine or analyze all evidence items.
Examination Findings/Results	List the actual findings and results created/extracted/exported as a result of the evidence processing.
Evidence Disposition	Description of what was done with the exam data and any other evidence items that were examined
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

UNIVERSITY AT ALBANY State University of New York

DFIRLAB-05 COMPUTER EXAMINATION WORKSHEET

Purpose: Used for documenting details about a computer or laptop, internal components and external peripherals that was examined pursuant to the scope and authority of an assessment, investigation, and examination.

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Page – of --	Lists page number versus total number pages (ie. Page 1 of 2, 2 of 2, etc.)
Examination Information	Exam Date/time, exact physical address where examination was performed
Legal Authority	How was computer examination legally authorized?
Computer Information	Enter all available information that will identify exactly which computer was examined
Computer Documentation	Enter how Computer/VM was documented.
Examination/Analysis Tools	Identify the exact tool (s) utilized for examination including product and version
Date/Time Verification	Verify computer accuracy by recording exam current date/time versus BIOS date/time
Examination Results	Indicate the outcome of the computer examination
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

UNIVERSITY AT ALBANY State University of New York

DFIRLAB-06 HARD DISK DRIVE EXAMINATION WORKSHEET

Purpose: Used for documenting details about hard disk drive(s) that was/were examined <u>outside</u> of the computer or laptop case pursuant to the scope and authority of the assessment or investigation.

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Page – of --	Lists page number versus total number pages (ie. Page 1 of 2, 2 of 2, etc.)
Examination Information	Exam Date/Time, Exact physical address where examination was performed
Legal Authority	How was computer examination legally authorized?
Hard Disk Drive-0 Information	Enter all available information that will identify the evidence HDD-0 that was examined
Hard Disk Drive-1 Information	Enter all available information that will identify the evidence HDD-1 that was examined
Write Blocker Information	Enter all available information that will identify the write blocker used for exam(s)
Examination/Analysis Tools	Identify the exact tool (s) utilized for examination including product and version
Examination Results	Indicate the outcome of the HDD examination(s)
Comments	Include any other relevant information that was not entered in other fields.
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

DFIRLAB-07 REMOVABLE MEDIA EXAMINATION WORKSHEET

Purpose: Used for documenting details about removable media items (CD, DVD, flash drive, memory card, etc.) that was/were examined pursuant to the scope and authority of the assessment or investigation.

Field Name	**Field Description**
Date of Report	Date the student completed the worksheet
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, etc.)
Team Name	Student's Team Name
Page – of --	Lists page number versus total number pages (ie. Page 1 of 2, 2 of 2, etc.)
Examination Information	Exam Date/time, exact physical address where examination performed
Legal Authority	How was computer examination legally authorized?
Media Information	List & describe all removable media evidence items
Write Blocker Information	Enter information if write blocker was used to view or acquire removable media
Examination/Analysis Tools	Identify the exact tool (s) utilized for examination including product and version
Examination Results	Indicate the outcome of the removable media examination(s)
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

DFIRLAB-15 TECHNICAL REVIEW WORKSHEET

Purpose: Used to guide the review of another student's initial submission (exam data and/or documentation) for the purposes of determining that: (1) required files were submitted, (2) content of the files was technically accurate, (3) provide feedback to the initial submitter of the technical review, (4) exchanging of information between the initial submitter and technical reviewer to improve the overall quality of the coursework, and (5) documenting technical review was completed by the reviewer.

Field Name	**Field Description**
Examination Name	Coursework Name/Number: (example: Module1 Exam Data, Module 2 Reporting, etc.)
Date of Review	Date that technical review of all exam data or documentation was completed
Technical Reviewer Name	Name of student conducting the technical review
Exam Data or Documentation	Select what is being reviewed – Exam Data or Documentation
Reviewed Student Name	Name of the student whose submission is being reviewed.
Team Name	Reviewer's Team Name
Exam Data Review Checklist	Review submission for each category - select review findings (Yes/No/Not Applicable).
Exam Data Reviewer Comments	If NO is selected for any of the categories, provide feedback of the review findings.
Reporting Documentation Review Checklist	Review submission for each category - select review findings (Yes/No/Not Applicable).
Reporting Reviewer Comments	If NO is selected for any of the categories, provide feedback of the review findings.
eSignature	Worksheet must be eSigned & Locked/Read Only with Adobe trusted Digital ID

UNIVERSITY AT ALBANY State University of New York

DFIRLAB-18 MEMORANDUM

Purpose: Used for the purpose of disseminating internal information within an organization, as directed by instructor.

Field Name	**Field Description**
TO	Indicate the full name of the recipient(s) of the memorandum.
FROM	Author must eSign and Lock/Read Only with Adobe Digital ID after completing the other fields of memo.
DATE	Date of the memo
SUBJECT	Specific topic of the memo
CONTENT FIELD	Information being disseminated to the recipient(s) – Content is a summary of *Who, What, Where, When*.
