SOUHIMBOU D. KONE
Albany, NY | 518-528-4019 | hello@souhimbou.com **Citizenship:** United States |
Clearance: Secret (Adjudication Status: Pending Restoration)
Federal Status: Reinstatement Eligible (Former GS-2210-11) | **Veterans Preference:** 5-Point (Campaign)

PROFESSIONAL SUMMARY

U.S Army Signal Corps- Combat Veteran and Former GS-11 IT Specialist with proven performance in high-threat operational environments. Deployed Team Leader with experience managing real-time threat coordination, intelligence fusion, and crisis response in hostile fire zones supporting **Operation Inherent Resolve** and **Operation Spartan Shield**.

Inventor of a patent-pending post-quantum cryptographic protocol, demonstrating Subject Matter Expertise (SME) in advanced digital forensics and counter-intelligence technologies.

Elite physical readiness (467/500 AFT, Martial Arts Instructor) combined with Master's-level cybersecurity education. Seeking to leverage federal experience and technical tradecraft in a Federal Law Enforcement capacity.

PROFESSIONAL EXPERIENCE

U.S. DEPARTMENT OF THE ARMY (NY NATIONAL GUARD) | *Deployed: Jordan & Kuwait* **Lead IT Operations Analyst / COIC Battle Desk Manager (Team Lead)** | *05/2025 – 01/2026*

- **Counter-Threat Operations (Crisis Response):** Directed a 4-person Battle Desk team in the 24/7 Command Operations Information Center (COIC) supporting kinetic counter-ISIS operations in a hostile fire zone. Orchestrated real-time intelligence fusion from Air Defense Artillery and G2 Intelligence assets to track and report **Theater Ballistic Missiles (TBM)**, **Unmanned Aerial Systems (UAS)**, and Indirect Fire threats.
- **Crisis Communications:** Served as the primary communications node, disseminating "flash" threat warnings to Coalition partners via classified channels and Secure Video Teleconferencing (SVTC). Coordinated multi-agency response during active enemy engagements, directly safeguarding 2,000+ personnel.
- **Security Compliance:** Enforced strict NIST 800-53 compliance standards during Command Cyber Readiness Inspections (CCRI). Managed the lifecycle of classified communications systems (NIPR/SIPR), ensuring zero spillage during high-tempo operations.
- **Logistics & Accountability:** Maintained 100% accountability of organizational property valued at over **$2.5M**, including sensitive satellite uplinks and cryptographic keying material. Executed secure logistics movements (DD Form 1750) of tactical assets across international borders.
-

U.S. DEPARTMENT OF THE ARMY (DMNA G6/CIO) | *Latham, NY* **IT Specialist (Network/Policy) – Title 32 Military Technician** | *09/2024 – 05/2025*

- **Federal Grade: GS-2210-11** (Reinstatement Eligible)
- **Enterprise Identity Management:** Led the migration of 300+ endpoints to the cloud-native **Army Unified Directory Services (AUDS)** via Microsoft Intune. Enforced strict DoD security baselines, mitigating insider threats and hardening the attack surface.
- **Privileged Access Management (PAM):** Served as Device Enrollment Manager (DEM) and Privileged Enrollment Manager (PEM). Managed **Privileged Access Workstations (PAW)** to secure high-value targets against cyber espionage.
- **Executive Protection (Technical):** Directed IT infrastructure and secure communications for **The Adjutant General (TAG) Senior Leadership Symposium**. Ensured the integrity of classified briefing materials for state-level command operations.
- **Incident Response:** Served as Tier-2 escalation point for security incidents and system failures. Developed disaster recovery protocols that reduced critical system downtime by 40%.

NOUCHIX (Formerly SecRed Knowledge Inc.) | *New York, NY* - **Principal Security Architect & Founder** | *01/2023 – Present*

- **Advanced R&D:** Spearhead the development of the **KHEPRA Protocol** (Patent Pending), a zero-trust architecture designed for contested cyber environments.
- **Technical Forensics:** Conducted threat modeling against quantum-computing vectors to design cryptographic primitives resistant to advanced persistent threats (APTs).

TECHNICAL INNOVATION & INTELLECTUAL PROPERTY Inventor, KHEPRA Protocol (Application ID: 73565085) | *Patent Pending*

- **Innovation:** Designed **Kinetic Heuristic Encryption for Perimeter-Resilient Agents (KHEPRA)**, a cryptographic architecture utilizing Adinkra symbol-based logic for post-quantum resilience.
- **Operational Relevance:** Developed a "Zero-Trust" attestation framework for AI agents, ensuring data sovereignty and integrity in contested environments.

MILITARY TRAINING & TACTICAL QUALIFICATIONS

Combat & Tactical Operations:

- **Combat Veteran:** Operation Inherent Resolve (Hostile Fire Zone) | Awarded **Shoulder Sleeve Insignia-Military Operations in Hostile Conditions (SSI-MOHC)**.
- **Weapons Proficiency:** Qualified on M4A1 Carbine; Qualified on M240-B/L Machine Gun.
- **Force Protection:** Tactical Combat Casualty Care (TCCC/Combat Lifesaver); Counter-UAS/UAV Detection & Response; Anti-Terrorism Level I; Insider Threat Awareness.

Physical Readiness & Defensive Tactics:

- **Army Combat Fitness Test (ACFT):** 467/500 (Superior Fitness Category).
- **Norwegian Foot March (Marsjmerket):** Bronze Badge (Completed 18.6-mile tactical ruck march under strict time standards in Jordan).
- **Combatives:** Martial Arts Instructor with 20+ years of disciplined training; Certified MMA & Martial Arts Fitness Instructor (ASFA). Proficient in hand-to-hand defensive tactics and de-escalation.

EDUCATION

Master of Science in Digital Forensics & Cybersecurity *University at Albany, SUNY* | Expected: May 2026

- **Designation:** NSA Center of Academic Excellence in Cyber Defense (CAE-CDE).
- **Thesis:** Post-Quantum Cryptography & Agentic AI Security.

Bachelor of Science in Public Health *University at Albany, SUNY* | May 2020

Undergraduate Certificate in Computer Information Systems *California Institute of Arts & Technology* | Nov 2022

SPECIALIZED SKILLS & AWARDS

- **Forensics & Intelligence:** Digital Forensics (FTK Imager, EnCase), Network Traffic Analysis (Wireshark), OSINT, Counterintelligence Reporting, Evidence Collection & Chain of Custody, AI/ML Foundations & Research, AI-assisted Project Management & Deliverables Delivery.
- **Cybersecurity:** SIEM Operations (Splunk), Vulnerability Scanning (Nessus), Penetration Testing (Metasploit), Cryptography (Dilithium3/Kyber1024), NIST 800-53 Compliance.
- **Awards:** Army Achievement Medal (1st Place, Soldier of the Month – Fort Gordon Cyber Center of Excellence); Nominee, City of Albany Veterans Banner Program (2025), SUNY Albany Spellman Academic Achievement Award (2018); UAlbany Multicultural High School Achievers Award (2013).
- **Languages:** French (Fluent), Spanish (Intermediate), Bambara (Native).
